

Now until December 31, 2010

Get up to \$ 1000 rebate...

...when you add an Autoscript teleprompting system to your JVC cameras.

Live broadcasting tests the true performance of professional studio equipment and Autoscript has been on the front lines for years - providing teleprompting solutions for studios of all sizes.

The Autoscript teleprompting systems below complement JVC ProHD cameras and consist of the on-camera prompter equipment, the teleprompter monitor, hood, glass and mounting hardware; and the teleprompting software, scroll controller and signal processing hardware.

Here's How It Works

<p>1 Purchase any of these JVC ProHD cameras...</p>	<p>2 Purchase any of these teleprompter systems for a 1, 2 or 3 camera studio...</p>	<p>3 Get one of these mail-in rebates from Autoscript!</p>
<p>GY-HM790</p>	<p>WinPlus X-Lite (Qty. 1) ELP15-P (Qty. 1)</p>	<p>= \$ 250 rebate</p>
<p>GY-HM700</p>	<p>WinPlus X-Lite (Qty. 1) ELP15-P (Qty. 2)</p>	<p>= \$ 550 rebate</p>
<p>GY-HD250</p>	<p>WinPlus X-Lite (Qty. 1) ELP15-P (Qty. 3)</p>	<p>= \$ 1000 rebate</p>

For more information, see the Autoscript ELP Rebate Form, check with your preferred broadcast equipment dealer, or contact Autoscript to find a participating dealer in your area at (203) 926-2400 or www.autoscript.tv

ELP15-P

The ELP15-P is a full teleprompter hardware package consisting of the on-camera portion of prompter equipment, such as the teleprompter monitor, hood, glass and applicable mounting hardware.

The ELP15 teleprompter monitor is suitable for all studio applications and represents an outstanding value among the Autoscript product line. The ELP15-P package comes with a folding hood, which is great for use in the studio and also on location. A rigid molded hood is also available with one of the eligible package substitutions (see ELP15-S). Both of these hoods clear a 4.8mm lens in 16:9 and 4:3 aspect ratios.

ELP15-P package includes:	Model:
15" ELP Professional Monitor	ELP15M
Extrusion-Medium	EXT-M
MT/Red: Plate for field & studio mounting of ENG/EFP cameras	MT-Red
Folding Hood - Standard	FH-S
Glass for FH-S	RGFH-S
DC Power Supply/ELP	PSU-ELP
AC cable (IEC)	IEC-US

WinPlus X-Lite

Constantly evolving, WinPlus is always on the cutting edge of teleprompting technology both in terms of software and hardware. With over 4500 systems in daily operation around the world, WinPlus is a well-proven and stable prompting system. Whether in the newsroom, field or studio, WinPlus products deliver flexibility, smart design and resilience.

The WinPlus X-Lite is a base prompting software system. Autoscript has improved compatibility performance by handling the scan conversion within the NEW Xbox-Lite, this includes the new WinPlus smooth scroll circuitry integrated in Autoscript's advanced studio and newsroom products. The program is a full-featured prompter software system, which includes run order management, user-friendly drop down menus and on-screen smooth scroll preview.

Additional features include:

- Selectable font, color, bolding and other highlighting
- Drag & drop from MS Word into runorder
- Import capability for RTF and all leading word processing systems
- Spell check
- Instant on-screen editing & changes
- Jumping to script markers
- Dedicated scroll control via HC-5 or by mouse/touchpad
- USB interface to PC/laptop
- Fully Unicode compliant
- Composite video output
- Xbox Lite power via 12V, XLR-4

WinPlus X-Lite includes:

- WinPlus X-Lite software license
- Xbox Lite (External box for handling the scan conversion & integrating the smooth scroll circuitry)
- HC-5 (USB Scroll Control based on optical sensing for 100% reliability and consistency)
- 24 hour, 7 day a week customer support

Rebate Details & Submission:

Rebate runs from July 6, 2010 through December 31, 2010. For complete details, see the Autoscript ELP Rebate Form, posted on www.autoscript.tv and www.pro.jvc.com/prof/special_offers.jsp or contact Autoscript directly at (203) 926-2400.

Eligible substitutions for rebate:

The following teleprompter packages may be ordered as substitutes for the ELP15-P package - TFT8HB-S, ELP15-S, LED15TFT-P, LED15TFT-S, LED15TFT-BLS, LED17TFT-BLW, or LED19TFT-BLW.

The following WinPlus packages may be ordered as substitutes for the WinPlus X-Lite - WinPlus-Studio Xbox Ultra, or WinPlus-News Xbox Ultra.
